

NOTICE OF WORK ACTIVITY

Bold Centre Road Network

Dear Property Owners/Residents:

Lac La Biche County has contracted Tunio Developments Inc. (TDI) to engineer and design the road network around the Bold Centre, its parking areas, underground services and other works. The purpose of the Bold Centre Road Network Project is to align with Lac La Biche County's Strategic Plan, which includes promoting employment growth, improving community and traffic safety, and service excellence.

The project will be a key component in revitalizing areas around the Bold Centre, and promoting active transportation through cycling, walking, and trails. It will also enhance the Bold Centre's ongoing expansion as a destination hub to bring the community together.

The project will consider intersection improvements, sidewalks, trails, streetlights, underground infrastructure improvements, etc., with engineered design complete in early 2025. The project is tentatively scheduled for construction from 2025 to 2027, subject to funding availability and Council approval.

Field investigations, such as topographical surveys, geotechnical investigations, etc., are being carried out along various corridors to assist in the engineering design. Please refer to the map for the project's limits. The details of the preliminary engineering are as follows:

Timeline:	March 18, 2024 to April 30, 2024
Scope of Work:	Survey and Geotechnical work
Hours of Work:	7 a.m. to 7 p.m.

Impact on Residents and Local Traffic:

- We anticipate a minimal delay or traffic interruption.
- Signs and safety messages will be installed before the start of work.

We thank you for your cooperation and apologize for any inconvenience this work may cause. Should you have any further questions or concerns, please do not hesitate to contact any one of the following undersigned.
